Notes for tables:

- Corrections records represent people who are identified as having an active affiliation with a gang. They include anyone who is presently recorded as having a connection to a gang, including prospects, associates, and patched members. Gang affiliation can be identified through various means, including one or more of the following:
 - Gang tattoos/markings;
 - Gang documentation/paraphernalia;
 - Admission to staff;
 - Staff observations; and/or
 - Intelligence information from other sources.
